☀️ Welcome to Our Summer STEM Adventure! ☀️

**Dear Young Scientists,**

This summer, we're diving into the exciting world of STEM—Science, Technology, Engineering, and Mathematics! Get ready to explore, experiment, and discover how the world around us works.

### **1. What is STEM?**

STEM is all about asking questions, solving problems, and using creativity to understand and improve our world. Whether it's building a bridge, launching a rocket, or growing plants, STEM helps us learn by doing!

Watch these videos as reference and choose any one project and get started!!

### **2. Know your country**

Creating a collage that celebrates the rich diversity of India is a fantastic way to showcase the country's multifaceted culture.

Create a collage of A3 sheet showing comparison between clothing of different parts of India like Kashmir, Himachal Pradesh, Kerala, Goa, Gujrat, Rajasthan and Assam.

You can either draw and colour the picture or take out coloured printouts and paste on A3 sheet beautifully, also paste a cloud cut out mentioning the name of the clothing.

## MATHEMATICS

### General Instructions:

**PART A** is the project.

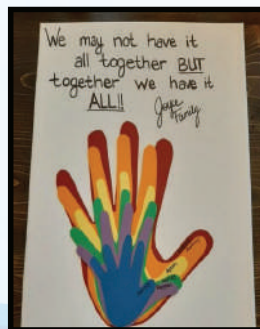

**PART B** is the revision sheet, which is the recapitulation of the work which has been done so far.

Take print out of revision worksheet and word problems should also be done in A4 sheets.

Attempt all the questions.

### PART A – FAMILY HANDPRINTS

1. Trace the right hand of your family members with a pencil on colourful sheets and cut it out.
2. Write down the names of the family members on the thumb. Measure the length and width of the hand with a measuring scale and note it down on the backside of the sheet.
3. Place the hand cut-outs in ascending order and paste them as shown in the image given below
